Kayelee Ehrisman Named State FFA President of Florida

With over 20,000 FFA members across the state of Florida, Belleview High School's very own Kayelee Ehrisman was announced as the 2023-24 State FFA President of Florida.

The Florida FFA Association recently announced the election of the 2023-2024 State FFA Officers. Each year, the delegates at the annual state FFA convention elect a team of student officers to lead the organization for the coming year. Serving as a state officer is a distinguished honor held by only a small group of students. State Officers travel more than 300 days per year visiting more than 70,000 students in nearly 350 FFA chapters throughout Florida.

Ehrisman said she is excited for what the future holds. "Looking into this upcoming year, I am excited to help every FFA member across the state get exposed to all of the opportunities available for them. I want to encourage members to reach their full potential and help equip them with the skills they need to do so," she explained. "My hope is that I will exceed the expectations of this role. I want to be a positive and influential ambassador for our organization and agriculture industry."

According to Ehrisman, it is her Christian faith that led her to this achievement. "Above all, I would like to thank God. Having strong Christian morals is the thing that helped me the most throughout this journey," she stated. "Through Christ I know my worth and capabilities. Prayer was the tool I used during times of worry and self-doubt. God put the perfect people in my path for this journey. He blessed me with knowledge and caring friends and mentors that trained me, prayed for me, and supported me. My mom always reminded me to keep my faith number one, and she was my biggest advocate."

Bah Humbug! "Belleview Christmas Tree" Removed For FDOT Project

By Bryce Abshier

For many locals in Belleview, it was a treasured part of the holiday season. Each year, local Girl Scouts would create ornaments and decorations that would be displayed on the large evergreen tree at the intersection of CR 484 and Highway 441. The ornate crafts would then be hung on the tree by Girl Scout leaders.

Scout leaders and volunteers like Debbie Mosley, Florence Whitman, Carol Yeaman, Brenda Robinson, Diane Drake, Peggy Boatright, Marilyn Smith, Cindy Miller, Mindy Thompson and Sharon Badney would make Christmas memories at this special tree for local children that would last a lifetime. The decorations were homemade by approximately 300 local Girl Scouts themselves. Each year, their goal was to have the tree fully decorated by the last Sunday before Thanksgiving, so holiday travelers could admire it on their route. Ornaments were purposely made large so they could easily be seen on the tree.

In recent weeks, the tree met an untimely end as it was demolished by way of a Florida Department of Transportation project. The details of the project, however, remain unclear and could stay that way until November, or later. "Our design team is currently evaluating several alternative intersection configurations at the locations (the intersection of CR 484 and Highway 441)," explained a project manager with FDOT. "The final recommendations will not be available until late this year or early next year."

The Florida Department of Transportation also plans to hold a public meeting in the Spring of 2024 where all of the "corridor improvements" will be on display. The Voice will report details on that public meeting as they become available.

The Girl Scouts first began decorating the tree in 1990 and the tradition ran strong for many years. It was a collaborative effort that involved help from South Marion Firefighters to hang the higher-up ornaments. As the firefighters would sometimes need to leave to respond to calls, the City of Belleview chipped in a helping hand by donating a couple of employees and a bucket-truck to do the work. Once completed, a large celebration with hot cocoa and Christmas carols would be held in the neighboring shopping plaza.

Due to safety concerns, the tradition of decorating this tree was eventually abandoned. Still, many could nostalgically look at the retired "Belleview Christmas Tree" on their morning commutes and reflect on a simpler time in South Marion County.

A 1998 Letter to the Editor by Belleview resident Dale Richardson outlined the appreciation that many locals shared for the work of the local Girl Scouts. "I was headed home from work the other day feeling anxious. I knew I still had countless things to do before my day would come to an end. You know, those days when you are sure you will never get half of the errands done that you so artfully planned," wrote Richardson. "I pulled up to the traffic light on 441 and C25 ready to face the possibility of a two light sit, when I turned to mush." Richardson went on to write how many felt about the tree. "I would like to thank the Girl Scout troop that supplies us yearly with this tremendous act of love. The minute I saw the trimming of the tree I was washed with a sense of warmth. These young ladies give us this gift year after year and I think they deserve at least the gift of thanks in return."

Police Find Drug Paraphernalia, Including Jar Labeled "Mom's Stash"

On 7/5/2023, at the 4700 Block of SE 102nd Place, Belleview Police Department's Cpl. Freeman observed a vehicle commit a stop sign violation and conducted a traffic stop. When Cpl. Freeman spoke with the driver Alyssa Moore, DOB 2/20/2002, he smelled the odor of marijuana coming from the vehicle.

Moore advised the marijuana was in a small black purse in the back seat. Cpl. Freeman located the marijuana in a plastic bag, a small jar labeled "mom's stash" with the burnt ends of smoked marijuana cigarettes, and a small metal tray for rolling marijuana cigarettes. Cpl. Freeman issued Moore a notice to appear. Case closed by arrest.

441 Crosswalks Are Asking For Trouble

The Florida Department of Transportation (FDOT) went ahead and put a couple of crosswalks across Highway 441 in Belleview and its hard to imagine what they were thinking. They may have thought it was a good idea, but they need to take a closer look at the dangers it brings.

Highways are meant for fast driving cars, and when you got folks crossing the road, it messes things up. More cars on the road means more chances for accidents. People might start driving recklessly, changing lanes suddenly or driving all angry. That just makes things worse.

Yeah, the idea behind having a crosswalk is to keep people safe, but it seems to me like these new ones will backfire. People walking might not realize how fast the cars are coming and just try to cross without being careful. They think the drivers will stop, but that ain't always true. Plus, if you don't know the area, you might not realize how fast cars are zooming by. Having a crosswalk might make people think it's safer than it really is. They might cross when they shouldn't, especially when there's lots of traffic or drivers not paying attention.

A driver who actually stops for pedestrians at these new crosswalks is just asking to get rear-ended by another person who is probably texting and driving be-

hind them. They already got enough distractions on the road with phones, GPS, people turning into McDonalds, or other people in the car. Now they need to keep an eye out for people trying to cross 441 too. It takes their attention away from driving, and that can cause accidents. They might react late or not judge things right. And it's stressful. Trying to deal with all the extra stuff going on makes it harder to focus on driving.

When you put a crosswalk on a big highway, you need to plan things out right. It ain't just about painting some stripes on the road. You need to think about traffic, how people walk, and the roads around it. You need some type of lights and stuff that makes it easier for people to cross safely. Without all that, having these new crosswalks are just asking for trouble.

Understanding The Preschool System

It has come to my attention that people do not understand the preschool system. We are a group of people that love children and our love for children put us in this profession. We do not "babysit" your child.

From the day we get them even as infants, we are teaching them to sit up, crawl, walk, run, jump, skip, and climb. We teach them social skills, emotional skills, small motor and large motor skills.

Then of course let us not forget letters, numbers, colors, shapes, songs, poems, sign language and the list goes on. We teach healthy choices for eating, table manners, manners in general; sharing, being kind, and respectful to everyone. We help them learn Respect and to obey community workers.

Every moment is an opportunity for us to teach your children. We have continuous education classes we must take every year just to teach your child.

Pay is low, but we love our careers and therefore accept it. This is a professional career that takes care of your child, we are not just babysitters.

Affirmative Action

The purpose of affirmative action in the United States was to create government programs to overcome the effects of past societal discrimination by allocating jobs and resources to members of specific groups, such as minorities and women. There is no question that past societal discrimination occurred in the United States and perhaps the only appropriate remedy {at the time} was affirmative action.

However, I believe this policy has outlived its purpose. Anywhere you look in the United States, minorities are well represented. Besides, there is a limit to punishing people for the sins of their forefathers. It is unfair to award preference based on race when all other qualifications are equal.

This not only undermines the means to determining the best candidates but also serves to de-legitimize the accomplishments of someone who was given preference based on race. Those opposed to affirmative action look to section one of the Fourteenth Amendment of the Constitution of the United States.

I believe the minorities of this country have been given enough time to allow for the "cream to rise to the top" and now must take their equal position along side of the majority. The time is long overdue to stop rewarding underachieving individuals because of their race and start rewarding overachieving individuals because of their accomplishments.

To do otherwise, would mean denying the very principles set forth in the Fourteenth Amendment.

about the FFA. "There are so many things that make me love FFA. It's hard to sum it up into one simple answer," she explained. "FFA cultivates skilled, confident, and passionate students. This generation can't gain experience and knowledge anywhere else like they can in our organization. Yes regarding agriculture, but also regarding life. I love watching students find their niche and use FFA to showcase it. Florida FFA is so welcoming, helpful, and life-changing. Our FFA blue jacket is truly a special family."

The officers will represent Florida at the National FFA Convention, attend the American Agriculture Experience and have the opportunity to interact with elected officials and business and industry leaders throughout the country.

The following students were elected by their peers at the 95th Florida FFA State Convention & Expo, held June 19-23, 2023 in Orlando, Florida.

- State FFA President: Kayelee Ehrisman, Belleview FFA
- State FFA Secretary: Jenna Larson, Okeechobee Brahman FFA
- Area I State Vice President: Makenleigh Bledsoe, Jay FFA

A woman was married to a Veteran who died. She gets remarried. Can she be buried in the national cemetery with her first husband?

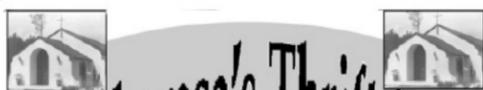

The woman may be able to be buried in the National Cemetery with her first husband a Veteran. When the woman dies her widowed husband will need to write a letter stating that his wife may be placed with her first husband. It would be a good idea to visit the Cemetery and have notarized letters that may be filed with the case of the deceased Veteran. Always double check these situations as times may change.

A professor was known to ask his students questions to make them think. On one occasion he stood before the class and wrote on the chalkboard, "Who's more content - the man with six million dollars or the man with six children? Now think!" he challenged them.

After a few moments, one of the students raised his hand and answered, "The man with the six children." "Oh. Why?" asked the professor. "Well, the man with the six million dollars would always want more!" came the reply.

True contentment is always independent of "things" - whether possessions or pleasures. It only comes from an inner attitude toward life. That is why Paul said, "True religion, with contentment, is great wealth."

This does not imply that being a Christian means living in poverty or wanting to be poor. But it does mean that the power of "things" will never bring happiness and that the Christian must always focus on "things" that are eternal.

In the final analysis, we can only take two "things" to Heaven: Ourselves and what we have done with our lives.

So, we must live our lives with one goal that dominates our heads, hearts, and hands: to present ourselves to God without shame! As Paul said, "I beg you...to be living sacrifices!"

Violations require further review, but are not an immediate threat to the public. Violations:

A summary of the violations found during the inspection are listed below. The department cites violations of Florida's sanitation and safety laws, which are based on the standards of U.S. Food and Drug Administration's Food Code. High Priority violations are those which could contribute directly to a foodborne illness or injury and include items such as cooking, reheating, cooling and hand-washing. Intermediate violations are those which, if not addressed, could lead to risk factors that contribute to foodborne illness or injury. These violations include personnel training, documentation or record keeping and labeling. Basic violations are those which are considered best practices to implement. While most establishments correct all violations in a timely manner (often during the inspection), the division's procedures are designed to compel compliance with all violations through follow-up visits, administration action or closure when necessary.

Gone But Not Forgotten: The Belleview Christmas Tree

Oh Christmas Tree, How Lovely Were Your Branches
 Time will tell what the Florida Department of Transportation has planned for the intersection of CR 484 and Highway 441. A public meeting will be held in the Spring of 2024 to display "corridor improvements". For now, Belleview locals are left to mourn the loss of the longtime community Christmas tree.

Holiday Tradition

Pictured in 1991, The Land of the Silver Moon Girl Scouts decorated the tree at the intersection of US 441 and 484. The decorations were made by the girls and put up by the Scout leaders with a helping hand from Belleview City employees Skip Hudson and Mel Spicer. The leaders were Debbie Mosley, Florence Whitman, Carol Yeaman, Brenda Robinson, Diane Drake and Peggy Boatright.

Decorating The Tree

The Leaders of Land of the Silver Moon Girl Scouts, pictured above in 1996, decorated the tree at the intersection of US 441 and CR 484. The decorations were made by the girls and hung by Carol Yeaman, Diane Drake, Marilyn Smith, Cindy Miller, Mindy Thompson, Sharon Badney and little helper Dawn Drake.
